### **WKF DEVELOPMENT PROGRAMMES**

Since 2017, the WKF has been fully committed to a solidarity programme. The main lines of work adopted in this respect are described below:

#### **1. PURPOSE OF THE WKF DEVELOPMENT PROGRAMMES**

The purpose of the WKF Development Programmes is multifunction, however we can highlight the following;

- to encourage the participation of athletes with fewer resources in events with worldwide repercussion, introducing them to elite competition.
- to train through seminars/courses in different areas (refereeing, coaching, anti-doping, ...) the continental/national referees/coaches of the areas/countries with greatest need thereof.
- to support the holding of karate competitions with the donation of sports equipment.

#### **2. PROJECT METHODOLOGY**

The WKF carries out this support through two parallel channels;

- WKF Support programmes run directly by the World Karate Federation, subdivided into three main areas;
  - Support for athlete participation in WKF events.
  - Training programmes
  - Donation of equipment
- Olympic Solidarity

#### **3. WKF SUPPORT PROGRAMMES**

The development programmes with WKF funding are carried out in collaboration with our Continental and/or National Federations, according to the needs they declare.

It should be noted that the WKF has established a close collaboration and coordination with the African Continent for the support of the different Zones Championships held annually in this Continent.

Seminars, refereeing/coaching courses are given by experts in the field with WKF qualifications.

All Programmes will be accredited at the end with their corresponding report for WKF justification and archiving.
